

Holistic Fruit Tree and Berry Orchard Production, and Management Educational Series

Hosted by NMSU Santa Fe Cooperative Extension and Santa Fe County

Learn how to plant a fruit orchard from site selection, design, variety selection to harvest.

This series will begin with 1.5 acre plot of raw land and will take participants through:

- Site selection
- Soil preparation
- Variety selection
- Planting
- Irrigation set up
- Seasonal management
- Harvest

This will be a demonstration orchard open to the public

Topics will cover proven research behind:

- Growing a small orchard
- Pest management
- Soil health
- Pruning
- Grafting techniques

Emphasis will be made on heirloom and new proven varieties for Northern NM. Learn from local growers

Not a requirement to attend all sessions.

First "Kick off" sessions May 16 & 30 and June 13 & 17 at 12:00 pm. More dates to be announced.

Santa Fe County Sports Field
County Road 84 Jaconita, NM 87506.
