Hello, I am John Chavez your new Rodeo Project Leader for Santa Fe County 4-H.

I'm reaching out to all of the 4-Hers enrolled in the Rodeo Project for the 2024-2025 4-H year to gather some information to help me plan our upcoming practices. I would like for each of our practices to benefit each 4-Her by helping them take steps towards and ultimately reach their project goals. I have also included all 4-Hers enrolled in the Horse Project for the 2024-2025 4-H year to let them know that they are welcome to attend our Rodeo Practices if they are interested in trying a rodeo event or building on their horsemanship skills.

As of right now we do not have a start date for our practices, but they will typically be scheduled on Sunday's from 1pm to 3pm at the Stanley Cyclone Center. Mari, the Horse Leader, and I are currently working to schedule the MANDATORY safety meeting for all 4-Hers enrolled in both Horse and Rodeo projects.

At our first Rodeo practice, we will be focusing on ground/sled work and will have an open arena for 4-Hers to work on speed events. This practice will be important for each 4-Her to attend so that I can see what level each 4-Her is at and determine how best to structure our future practices. My goal is to eventually have practices with stock for all of our events, including rough stock.
